

INDEPENDENT INQUIRY
RELATING TO
AFGHANISTAN

Financial Report

1 April 2023 – 31 March 2024

Background

On 15 December 2022, the Government established an independent statutory inquiry to investigate matters arising from the deployment of British Special Forces to Afghanistan between mid-2010 and mid-2013. Lord Justice Sir Charles Haddon-Cave chairs the Inquiry.

For reasons of national security, the Inquiry has held numerous CLOSED hearings where it has heard evidence from UK Special Forces and associated witnesses. Whenever possible, the Inquiry has posted gists of these hearings on its website in accordance with its commitment to openness and transparency.

In addition, the Inquiry has been able to hold 14 days of OPEN hearings and has heard evidence from other relevant witnesses in relation to its Terms of Reference.

Topics covered have included Deliberate Detention

Operations, the computer server known as “ITS1”, as well as the Corporate Witness statements from the Ministry of Defence and the Royal Military Police.

We urge anyone who has got any information or material they think may be relevant to please get in touch as soon as possible.

The Secretary of State for Defence has formally granted authorisation to all personnel to disclose potentially relevant material to the Inquiry. We recognise you may be concerned about the implications of coming forward – please read our [Get in Touch](#) page for more details on the systems and dispensations in place to support you.

Note on financial figures

These figures are intended to give an overview of the level and elements of expenditure over the course of the Inquiry's work. Every attempt has been made to ensure that the figures presented are accurate.

The figures are not the equivalent of company accounts. However, further financial information about the Inquiry can be obtained from the relevant financial reports from the Ministry of Defence as the Inquiry's sponsor department. The Inquiry has followed the sponsor department's guidance on VAT treatment.

If errors are discovered after publication, the Inquiry will republish a corrected version.

The financial year runs from April to March.

These figures are intended to show when the work that was charged for was carried out. In some cases, this will be different to when the invoice was raised or when the amount was paid to the supplier.
