WO2 Dempster,

I have spoken with Lt Col Harvey with regards to this and he has stated that he will policy it – however, he wishes to be able to see how Lt Col McAllister was putting policy onto the system – HOLMES etc.

When he is down tomorrow, this may well be an area that can be discussed with him in the margins – however, with HOLMES offline, we may not be able to let him view what he wishes to in order to gauge how to set his own policies.

Kind Regards

Ma'am,

Good morning, further to out telcon on Fri 21 Oct 16, regarding the N1141 risk, may I seek your guidance on the policy that Brig Neal directed on Fri please?

- Has the risk been accepted?
- Confirmation of what level holds the risk?
- Has GOLD Comd elected to policy the decision, given that Brig Neal is not maintaining a policy book?

On a separate note, for your SA, the [redacted] will be submitted to [redacted] this morning for the relevant risk assessments and onward transmission to the [redacted]. I have spoken to [redacted] today and she has confirmed [redacted] will process the applications this week.

Kind Regards

Mark Dempster
