All,

Please see the Op NORTHMOOR NCA/MIRT Table of Recommendations saved with the Inv File area of our MOSS site.

In line with Gold direction, this document is to be populated with any recommendations provided by the NCA RA (including expert reports provided by the NCA) and the MIRT upon receipt of their reports (historic reports are registered on HOLMES). You will note there are specific areas relevant to Team and overall strategic business. Each Team SIO/DSIO is to populate the relevant recommendation in the corresponding Team tab and provide comment and action taken where appropriate.

This will remain a live document which is accessible to all including the Gold, NCA RA and the MIRT. Communication between teams is essential to ensure nothing falls through the cracks and there is no duplication of effort.

As a reminder, the Current Situation Report is to be updated weekly (also found in the Inv File area of MOSS); this is not intended to be onerous, rather a snapshot of action taken/planned.

Mr Russell - Please act on behalf of the OIOC for inputting information into the Strategic tab. The OIOC will have communication with Gold to ensure higher level strategic input is included. Relevant recommendations for Gold are to addressed as part of Gold Gp meetings (if required, immediate comms with Gold are standard).

Mr Haslett - Please scan across all tabs for MIR/HOLMES input and update where necessary.

Georgie - Please could you confirm that Lt Col McAllister is able to reach into our MOSS site.

Any q's, please ask.

Kind regards,

Jason
