File Ref - N2265 meeting

B/m SFHQ(A) COS

E-mail from N1791 to UKSF1 (OC Op G to COS) dated 11/12/2010, regarding a meeting with N2265 about the problems between APU1 and SU1 due to repeated incidents on target, going back 12 months.

N1791 states that N2265 spoke of a recent Op where a woman had led her husband out of the compound with her hands up claiming 'do not shoot' and the man had been shot, unarmed.

File Ref - FW: SU1 Comment

Initial e-mail was from OC SU1 to SFHQ(A) - Comd this was then forwarded by the Comd to SFHQ(A) COS (with no comments). Initial dated DG forwarded on DG //

The e-mail regards SU1 Op - QG, where NG APU1 personnel didn't attend the debrief and the other spoken to gave a number of issues - them searching main compound, them not leading Op and also that the Ops weren't endorsed by Afg Law and the soldiers could be imprisoned if people were killed on target.

Spoke to Name Given before the Op who said NG had unsettled the others.

After the Op was cancelled he spoke to Name Given again to see if any underlying issues. He had 2 areas

1. Soldiers from APU1 SU1C believe, before on tape, they saw weapons being carried onto target by troops and that later a weapon was placed next to a UIM who had been killed. There was an argument on target which continued back into camp the word spread and the majority of APU1 saw believed this to be fact. APU1 SU1B and APU1 SU1C were particularly unhappy with it and some others h

resigned over the matter.

2. Name Given genuinely believes that our operations are not endorsed by AFG law. He stated that his soldiers were concerned that they would be arrested if people were killed as they did not have the correct legal permission to conduct operations with us.

to get access to both the Unknown file types and Backup files.

With multimedia s/o - decision made to reduce the amount of files by file size, as the smaller files will be thumbnails or icons. When looking it appears that most of the thumbnails have already been bookmar

Instead it was agreed that we would filter the s/o by including 'no duplicate' and excluding 'bookmarked'.
This at the time of checking reduced the amount by half, however, it became apparen that you couldn't bookmark an item into another area as it would disappear off the list.

The 'bookmarked' filter was removed so that items can be bookmarked in to multiple areas if required.

Still unable to open evidence in unknown S. Cpl Davis will try to establish the reason why.
