General **Action**

1. PM(A) conducted an assurance visit over the period 22 – 23 May 17. The full programme is at enclosure 1 and shows the areas covered. The primary focus was on the JCRP process and providing direction on the outstanding T2 activity. **Info All**

Item 1 – Introduction - SILVER

1. Stated that the purpose of the meeting was to acquire final direction from PM(A) as Chief Officer on the outstanding potential investigations from T2 activity. Item 3 – Non-identified detainee allegations - SILVER

4. SILVER then took the opportunity to present 4 of the most serious allegations made by LDC clients which the Northmoor team have so far been unable to confirm as British detainees. These included allegations of Waterboarding, threats to kill and stabbing. He explained each case and took PM(A) through the rationale of discontinuance. Presenting what reasonable and proportionate LOE had been taken to identify the claimants in the first instance[1] and why we have so far not been able to identify them. What could be done in extreme circumstances to identify the claimants and confirm or refute their allegations?[2][3]

Item 4 – JCRP casefile assurance check – PM(A)

[1] This included attempting to trace the claimants through [redacted]* from the fingerprints provided. In other claimants this has been highly successful in establishing whether they were British, [redacted] or other detainees and is a proven route. In these instances it proved negative.

[2] Approach LDC – deemed not appropriate or proportionate in line with correspondence received on 6 Mar 17.

[3] Approach Afghan authorities - deemed neither proportionate nor feasible under the current operational circumstances.
