Martin,

Thank you. It is being booked in and the SIO will provide responses to the recommendations as you advise.

I have copied Gary and Steve into this to let you capture their e-mail addresses. Gary is now in AFG setting the political and practical ground for the investigation teams arrival. His current e-mail will be the IOS one and the SIB Regt one is for when he returns.

John,

Sorry to hear you were unwell last week and we were unable to meet. I hope you are on the mend now.

As you know, Major John Harvey chaired the strategic management meeting on your behalf. I

was tasked from the meeting to 'review the strategic structure and management processes currently in place'. Accordingly, please see attached an interim report, which contains some recommendations and requests for information to complete this piece of work.

You will be aware that in order to comply with CPIA, this document should be registered on HOLMES. It is also considered good practice that the list of recommendations and information requests are monitored and audited by the appropriate SIO, who should ensure that a response is noted on what will be a 'living document' (and will no doubt expand). This just needs to be something along the lines of:

Recommendation 1 : Noted and agreed. SIO policy decision number x x /Action x x refers.

or, Recommendation 2: Noted. Recommendation not being progressed. SIO policy decision and rationale x x refers.

Information Request 1: Sent via e-mail to Mr Pinder on x/x/14 or document now typed on HOLMES D x x refers. . . (I'm sure you get the drift by now).

I don't appear to have e-mail addresses for Major Gary Ward or Captain Steve Robbins, so could you please share this report with them.

Best Wishes,

Martin
