IRT Phillip Jones & Clifford Evans
TORs:
1 Robust evidence based analysis of op NM structure working practices & its output
2 What is required in the immediate future & over the longer term
3 Whether the current systems are viable for the prompt effective and accountable investigation of allegations made to Op NM
4. And if not how op NM might better Sp and be spec for these objectives
5 Based upon all the evidence assess whether Tms matters merit further investigation

Prepared for OPEN publication in relation to the Independent Inquiry Relating to Afghanistan

Recomendations:

(1) Planned visit to Afghan for 2x witness statements and Afghan personnel be progressed - High Priority
(2) Efforts to recover Data Sets by contact nit Seizure proceed ("No foundation for Seizure" IRT)
(3) Review categorisation of Suspect status
(4) 10 Similar events continue to be investigated
(5) Dont apply for covert tactics
(6) Indiv accounts from evryone on orginial op wh. is still serving be applied for. Nit S9 statements or under caution
(7) Same for other scenes as and when.
(8) BRC restricted to material relevant to main LOE

D.it need to maintain a MIR + staffing to current levels between now + '18 when FOHC comes on line
