Title

TEAM 1 SIO SECRET POLICY DECISION - S03/01

Policy Text

DISCLOSURE

### Decision:

N1466 has provided RMP with potentially damaging information to both UKSF and wider Defence and even Government. He has provided this to me in the presence of N1533, Role Given, DSF, who is obviously aware of what he has told us. The content of information will lead to other LOEs which will need to be approached in a manner that will not immediately identify N1466 in person. At present the content of his information will remain as intelligence until such times as he commits to providing a witness statement, as will the further LOEs (speaking with those who he has identified as being key players).

### Reason:

Due to potentially damaging consequences for both the individual and organisation, the decision not to engage immediately with those N1466 has identified has been made. Once evidence of this has been recorded, further consideration will be given to going more proactive with those individuals.
