Title

SIO TEAM 1 SECRET POLICY DECISION - S176/01

Policy Text

Decision: Data Recovery

Following various delays in any agreement to recover the [ITS1] data set, VTC held with [N1805], ACOSJ1 at DSF, in an effort to end the impasse. Following an explanation repeating the requirement to recover the [ITS1] system and the reasoning behind why RMP have not seized this to date, no firm agreement given by [N1805] who preferred to delay any decision pending tech and security advice.

Reason:

Further delay is now being encountered in respect of [ITS1] recovery. Gold has directed that we attempt to recover the data set amicably without the need at this stage to do so using our prerogative powers.
