SIO TEAM 1 SECRET POLICY DECISION - S205/01

Policy Text

Decision: Data Recovery

Data migration process has begun of the [REDACTED] ITS1 system. I remain of the view that we need to secure and preserve this relevant evidence. Previous assurance was provided by Col MORRIS that he would lead on correspondence with DSF to reach a decision that would see RMP recovering the whole system. Confirmation from Col MORRIS that he had not initiated comms with [REDACTED] N1805.

Reason:

Risk of not recovering [REDACTED] ITS1 risks losing vital evidence in the N50 case and other matters, not to do so could pose doubt into the independent, prompt and effective investigation.
