Title	SIO TEAM 1 SECRET POLICY DECISION - S274/01
Policy Text	DECISION: GOLD DIRECTION – MEETING WITH GOLD

Discussed with Gold the direction he has provided to me. I required greater detail to ensure I would deliver on his intent and provide an opportunity for me to discuss with him what we have achieved and attempted to evidence in respect of the MLOEs.

After a lengthy conversation Gold informed me that he would not provide any greater detail to the written direction he had issued. I reiterated the requirement to recover [ITS1] in full; anything less would fall short of a thorough and effective investigation.

Gold directed me, following a discussion on the merits (or lack of), regarding the recording of 'duty reports'/unit statements, not to do so and to record Sect 9 that by restricting the witness base to serving personnel only, this was in conflict with the existing 'outside-in' strategy. Gold further directed that the interview were to be conducted immediately.

Directed to declassify [N1141] & [N1201].

Directed to restrict interviews in AFG with only N50 & N1133. APU/AFG Police/AFG Govt. Staff not to be conducted. This may occur on a subsequent deployment.

Above provided verbally only.

REASON:

Other than the above and the previous written direction, Gold will not provide further rationale to me. I imagine, he will account for this himself in his own written rationale. I am unaware if Gold maintains a policy book; I have not be privy to it: (undecipherable)
