Title

SIO SECRET POLICY DECISION 134/4 - INV STRATEGY

Policy Text

DECISION:

We will now expedite all LOE in relation to N50 whilst preparing investigative actions in relation to **Obj 1** and **Obj 2**.

The sequencing of these will be key and covered in separate policies.

REASON:

GOLD has verbally informed me that on 8 Aug 18 (08/08/2018) PM(A) was brief on the IRT Report and has verbally accepted the recommendation held within. Therefore in accordance with the IRT Report the outstanding actions will be sequenced. It is likely that the IRT Report will be formally endorsed during the next GOLD Gp scheduled for Sept 18.
