Title

TEAM 1 SIO (N50) POLICY DECISION 29 - FORENSIC STRATEGY

Policy Text

Decision:

Forensic issues were considered from the outset, recorded in a separate document.

We are in possession of greater material now which can form the basis for a forensic strategy.

The FWO is to compile a forensic strategy to identify the forensic opportunities open to me in order to guide the investigation.

Reason:

Forensic opportunities may be key in proving or disproving certain aspects of the investigation especially given the context of this particular incident and the date it took place and the location / environment.

The Crime Scene Manager / FWO (Forensic Warrant Officer) is the best and most appropriately trained individual able to deliver the strategy which will aide me in decision making within the investigation and illustrate the opportunities available to me.
