Title

TEAM 1 SIO (N50) POLICY DECISION 15 - DSF DOCUMENTATION/ DATA

Policy Text

Decision:

From material recovered in the scoping of Op NORTHMOOR in general, SFHQ(A) personnel have been identified as having been involved in the Operation that resulted in the capture of the complainant and being responsible for the deaths of the EKIA. All data/documentation is to be recovered in evidence which is relevant to the incident under report, paying particular attention to the security caveats of any recovered material.

Reason:

DSF/SFHQ(A) will be able to provide data/documentation which potentially can identify witnesses and suspects alike; evidential recovery of this material will help shape future policy and assist in establishing what happened during the reported incident. The correct handling of any recovered material will ensure compliance with established security guidelines (JSP 440).
